

Mandala Directions

1. Using a compass, draw an 8" (or larger) circle on white paper.
2. Divide the circle in half, and then in fourths with a light pencil line.
3. Draw a design using a ruler and compass in one of the four areas of the circle. Use a minimum of four different shapes.
4. Once the design is completed in the first area, repeat the same design in the other three areas of the circle.
5. Color the design using four or fewer colors
