Photography and NPS

DISCUSSION NOTES

Directions: Designate one of your group members to record notes on this form. Another member will serve as the spokesperson and share your group's ideas with the rest of the class.

- Why did the photographers decide to depict the images in the way they did?

- Were they trying to produce literal images of the places, or were they attempting to show spectacular and poetic views?

- Why would these images help bolster the argument to create national parks?
