

## Baseball Art

---

Your task is to create a picture or a painting about the sport of baseball. The first step is to make a plan for your design. You can find information about baseball on the following websites:

- Major League Baseball  
<http://mlb.mlb.com/NASApp/mlb/index.jsp>
- Major League Baseball Kids' Dugout  
<http://www.mlb.com/NASApp/mlb/mlb/kids/>

First, brainstorm ideas. Use the questions below to help you plan.

What colors will you use?

What items will you include (players, fields, bats, balls, etc.)?

Will you use paint, crayons, markers, pens, chalk, or something else?

What mood will your picture capture?

What do you want to say about baseball in your picture?

The next step is to create your art. Use the art materials provided by your teacher. When you are finished, you are going to share your work with your classmates. Write a paragraph explaining how you made your picture or painting in the space below.
